

Join us for the Midwest Launch of the OrCam MyEye 2.0!

Tuesday, March 13

Travanse Living, 219 E. Parkway, Wheaton

Doors open at 10:30 a.m.

Launch begins at 11:00 - Ends at 2:00

The OrCam MyEye 2.0 is designed for blind and partially sighted people. This artificial vision device uses a lightweight smart camera that instantly reads text aloud from any surface and recognizes faces, products, and money notes in real time...

All packed into a tiny device the size of your finger!

This event is FREE and open to the public

RSVP to Spectrios Institute:
