Unlock the Potential  
Friday, October 20  
1:00- 4:00 p.m.**

**Free!**

**Spectrios Institute for Low Vision  
219 E. Cole Avenue, Wheaton, IL 60187**

Join us for this advanced, hands on learning experience with Android accessibility features and learn how they can help you become more productive at work and at home. Don't have a job? Let us show you how your smart phone or tablet can help you become a more attractive candidate to potential employers.

During this jam packed, three hour session we will begin with a short refresher on the low vision accessibility features already available on your device (covered in Android 1- The Basics). From there we will learn about apps that increase productivity and work hands-on with gestures and voice commands, including:

- KNFB Reader- text to speech
- IDEAL currency reader
- BARD Mobile- talking books
- Supervision Plus- magnifier
- Microsoft Office for Android

This workshop is limited to 10 people to allow for personalized attention, so don't delay. Call today and reserve your spot!
